

# IEA Competition Format

The unique aspect of these competitions, both at the local and national level, is that none of the riders will supply their own horses or tack. Instead, the horses, saddle and other tack are provided to the students at the show. The host team arranges for the horses and equipment. Some of the equipment may be borrowed from various training barns and facilities. Though the rider and horse have a short opportunity at orientation in the over fences classes, essentially, the horse is new to the rider, and the scores are based upon horsemanship and equitation, not the horse. The competitions involve six classes jumping over fences no greater than three feet and numerous flat equitation classes. Western riders show in horsemanship and reining, and saddle seat riders show in both rail and individual workout classes. All disciplines offer a variety of ability levels from beginner through advanced.

# Team Meeting & Purpose

The IEA PURPOSE is to set minimum standards for competition, provide information concerning the creation and development of school associated equestrian sport programs, promote the common interests of safe riding instruction and competition and education on matters related to equestrian sport at the middle and secondary school levels (primarily ages 11 through 19).

To fulfill its purpose Chariot Riders and the IEA offer guidance regarding the creation and development of school and/or barn associated equestrian programs. Chariot Riders IEA coaches aim to develop understanding and appreciation of equestrian sports through organized student competitions and additional equine educational opportunities.

Through the IEA, students have the opportunity to earn scholarships towards their college education through awards in competition and through sportsmanship activities.

Meetings held 4th Friday of the month at our Ocean Facility.

Ride meets held during lesson schedule.

New member times and packages will be sent via email upon receipt of application.
